

Want to ensure your platform is smart on crime?

Here's what evidence-based, made-in-Canada justice policy looks like.

Evidence-Based Policy

Create an expert panel to guide smart, effective justice reforms.

Crime Prevention Through Support

Invest in mental health, addiction, and housing supports to prevent criminal justice involvement.

Rehabilitation in Prison

Improve in-prison education, training, mental health care, and reduce solitary confinement.

Reintegration Support

Expand early release supports and ensure health care access upon release.

Efficiency in the System

End jail for non-criminal breaches and automatically seal eligible criminal records.

Respect for the Rule of Law

Follow judicial decisions, review Bill C-83, and reject use of the notwithstanding clause.

Victim Support & Healing

Fund restorative justice and programs that give victims meaningful support beyond sentencing.
